Friday mail—Leaves on Tuesdays and Saturdays at 7 a. m., and arrives on Mondays and Fridays at 4 p. m.
Postoffice—Leaves Thursdays at 8 a. m., and arrives on Friday at 4 p. m.
Western mail—Leaves every Monday morning at 8 a. m., and arrives at 4 p. m., same day.
JOHN POWERS, Post Master.

The Commissioners meet to-day.
Hon. E. D. Peck is entitled to our thanks for a copy of the Report of the Board of Public Works.

There will be a donation visit at the Rev. Mr. Barker's, Episcopal clergyman of Maumee City, on Friday evening.

Probate Court was in session Monday for a few moments only—just long enough to continue the business until the next sitting.

A. M. Thompson has enough hoop poles on hand, awaiting the opening of navigation, to hoop all creation and the rest of mankind.

The Toledo post office building was destroyed by fire on Friday night last. The fire originated in the grocery store of P. Yost. Most of the mail matter was saved.

Hon. Wm. S. Lunt has placed us under renewed obligations for valuable public documents, and for an engraving which represents the arrangement of the Senate chamber.

With unfeigned pleasure we this week introduce to our readers the gifted KATE CARROLL, of Salem, Mass. She promises an occasional gem from her pen, for which, in behalf of the whole Journal Family we most sincerely thank her.

Senators Seward, of New York, and Rusk, of Texas, propose to take a tour round the globe, before the next meeting of congress. They make as points in their route, California, the Sandwich Islands, China, India, Asia Minor, Egypt, and thence through Southern Europe home.

Including the sales for December, (\$600,000,) the grand total of sales by the Illinois Central Railroad Company from the commencement, foot up \$10,712,000, and \$5,114,000 for the year 1856 alone. The remaining lands are worth much more than the entire two and a half million acres were when the first sale was made.

Hon. R. Mott has our thanks for the Patent Office Agricultural Report. It embraces much matter of interest to farmers, and Congress should print and circulate a greater number of copies than they are in the habit of doing. The additional expense for printing ten where but one is now printed, would be comparatively but a mere trifle.

THE NEW SUGAR CANE.—The Chicago Press has the following remarkable statement of a correspondent: "I am well convinced that in 1860 the Southern planter will have no sale for his sugar in the state of Illinois. From present indication there will be one hundred acres of Chinese Sugar Cane raised in Wabash county next year, which will save the county \$10,000."

THE LITTLE PILGRIM.—The name of Grace Greenwood is familiar as household words, and the Little Pilgrim, a monthly journal for boys and girls, which she edits, should be as common among the little folks. Terms—50 cents a copy, or five copies for \$2. Specimen numbers will be sent gratis to those wishing them. Address Leander K. Lippincott, 60 South Third street, Philadelphia.

Preston S. Brooks, of South Carolina, rendered notorious by his assault upon Senator Sumner, died suddenly at his room in Washington City, on the 27th ult. He had been confined to his room a few days, but was not considered dangerously ill until within about one hour of his death. Little did he think that the victim of his assault would survive him.

Attention is invited to the advertisement of Anderson, Burr & Co. It has been our fortune to know this firm heretofore, and we hazard nothing in saying that for a thorough knowledge of their business, capacity to keep a large stock at low figures, and politeness to customers, they have no superiors in the western Book trade. Purchasers will find them always prepared to furnish any article in their line. Give them a call.

For a week past, weather gales have been unable to decide between rain and snow, warm or cold, but the decision appears to have been made Tuesday night sometime, when bed clothes began to be removed, and the gentle pattering of rain upon the window, with a bass note from the cave-spout, sang of the time when buds and flowers shall gladden the eye with their beauty and scent the music-laden air with their fragrance; when the green grass shall carpet the hill-sides for the sporty lambs and give new life to that which supports all earthly vitality. To-day (Wednesday) is warm and pleasant, the rain having subsided at an early hour in the morning.

THE OHIO JOURNAL OF EDUCATION.—The editor of the Ohio State Journal says: "The editorship of this valuable school journal will henceforth be in the hands of John D. Caldwell, Esq., late of the Cincinnati Gazette. Mr. Caldwell has always taken a lively interest in the cause of popular education. He has for the last two years served as Secretary of the School Board of Cincinnati, a post which he resigns to enter upon his new duties. Mr. Caldwell is now in town, and will enter immediately upon his labors. We wish him, his Journal, and the cause, all manner of good luck."

MARRIED.
At St. Joseph's Church, on Sunday, the 1st inst., by Rev. N. Rupp, Henry H. Dorn, Esq., and Susan H. Shugart, of Capt. Daniel Wilkinson, all of this place.
"Marriage is a matter of more worth than to be dealt in by attorneys," but we don't for a moment suppose it intended to prohibit attorneys from partaking of the joys of wedlock; and if he did, who will blame our attorney friend Dorn for thinking that
"Free-simple and a simple fee,
A suit does double duty for thee,
Than that of fees—be male?"
Well, the happy pair have sincere wishes that their love should be the cause of the current of life's stream, and that all their anticipated joys may prove realities;—the ever clinging to the gentle vine to the stately oak—his shielding her from the pelting storms of life, by the protecting and over-arching branches of his love;—her accompanying him in a generous accompaniment of currency and cake is hereby acknowledged and many thanks are tendered therefor.

NEW ADVERTISEMENTS.
Nervous Diseases Controlled and Conquered.
Of all the various ills that detract from the enjoyment of human life, most of them may be traced to a disordered condition of the nervous system. The horrors of Epilepsy, or falling sickness, arise in most cases from this cause. Our readers may remember, on several occasions before, we have alluded to the wonderful cures, or modifications of Fits, made by the Vegetable Extract Epileptic Pills, invented and prepared by Dr. Seth S. Hance, of 105, Baltimore street, Baltimore, Md. We feel fully satisfied that these Pills have cured some of the most terrible cases of Epilepsy, as the milder forms of fits, such as severe Cramps, Spasms, &c. We now record the fact, that persons will find these pills equally efficacious in curing every form of nervous debility;—no matter whether manifested in the form of Indigestion, the sufferings of Rheumatism of Gout, the melancholy hallucinations of depressed spirits or hysteria, their effects will be equally happy and certain. Persons in the country can write to the inventor, and have the medicine forwarded to them by mail. The price is, one box, \$3; two boxes, \$5; twelve boxes, \$23; and sent to any part of the country free of postage. Direct your communications to Seth S. Hance, 105 Baltimore street, Baltimore, Md.

Something New.—Another exotic, called the Chinese Potato, is just now attracting considerable attention. It is said to be of larger growth, much more hardy, and not subject to rot so destructive to the Irish potato. The time of planting, is, early in the Spring.

A resolution was adopted by the United States Agricultural Society, on the 16th, to purchase sufficient Sugar Cane seed to plant 100 acres; and another to memorialize Congress, to grant 100,000 acres of land to each state, for the establishment of a University.

Young Mr. Lindsay, who recently met with a severe accident, is doing well and is likely to lose neither of his eyes. The Dr. had a hearty laugh over the report which got into certain papers, not far from this place, that the eyes would have to be taken out to prevent inflammation!

"Here, you little rascal, walk up and give an account of yourself. Where have you been?"
"After the girls, father."
"Did you ever know me to do so when I was a boy?"
"No sir, but mother did."

A TERRIBLE STATE OF AFFAIRS.—A horrible state of things exists at Springfield, Illinois. The inhabitants fear that the town will be depopulated, as it is reported that there are but twelve marriageable women in the city, eleven of whom are already engaged! The Springfield papers are calling for reinforcements.

The filthy pup which we held up before a mirror with two sticks last week, got terribly offended at the sight, and thereupon says we are "a knave, a liar, a cheat," and that we will "steal sheep, rob hen roosts, and run little children down to rob them of their dinn'r," all of which practices are very bad! In fact, the words above quoted are not only very nice, but they are exceedingly new.—The language is one of peculiar origin, and is taught in none of our schools. Where the writer graduated, we are not informed, but the above quotations and the peculiar kind of grammar which he uses, should be sufficient to commend the institution to all lovers of refinement. Now, Nash is said to be a clever fellow at the card table, but when he looked into a mirror and thought he saw an editor, he must have thought editors were bloated asses. Really, we do not feel like abusing Nash—we pity him. We cannot avoid pitying any man who does not possess the common decencies of mankind, and publishes himself but a common blackguard. We want no controversy with such a person—we will have none. But all the filth which he may throw upon us—all the vile epithets, or the entire Western street vocabulary of blackguardism, will not be found sufficiently potent to deter us from ridiculing the idea of offering a sentiment at a printer's festival denunciation of the Catholic church, when some of those around that festive board are members of that church. Let the dog return to his vomit!

Astonishing effects of one bottle in a case of Dyspepsia.
Philadelphia, March 20, 1856.
Dear Sir—During the last five years I have been afflicted with dyspepsia, in its most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact, I was afflicted so badly that on many occasions I was in great danger of dying from suffocation, in consequence of the rising of matter in my throat, and all my efforts for relief were vain. I was at last induced, through the recommendation of several of my friends, to try Hood's and German Bitters, and I assure you the amount of relief I have received, from the use of only one bottle, is astonishing, and compels me to say that I would not be without the Bitters, for any money, as I am now, through their use enjoying better health than I have known for many years. Very respectfully yours,
ELIZABETH GAIL,
No. 12, Carter's alley.
Dr. C. M. Jackson, Advertiser.

Dr. Roback and his Remedies.
The doctor, who has attended the practice of this distinguished Swedish physician, goes far to confirm the theory that the source of all diseases is in the blood. His famous Scandinavian Remedies operate directly upon the elements of that fluid, neutralizing all corrupt and morbid matter in the circulation, and bringing back health to every organ, by purifying the stream which sustains and nourishes the whole system. Certain it is that his blood purifier and blood pills have won, in a vast number of cases, the most grateful testimonials, and have gained for him a popularity, which is daily increasing. He is now in the city, and is prepared to attend to all cases of blood disease, and to furnish his celebrated remedies. See advertisement.

Great Cure of Rheumatism in Cincinnati, Ohio.—Convincing Evidence.
For more than three years I have been suffering with rheumatism, and enlargement and pain of the bones and joints. I have strictly followed the advice of physicians, and at other times used such family medicines as had been recommended for the cure of rheumatism; still I did not improve in the least, and was frequently compelled to keep my bed and thereby was prevented from attending to my business. Some weeks ago I was induced by a friend to try Carter's Spanish Mixture. The effect was miraculous. I felt considerably improved after I had taken the fourth dose. I have used only one single bottle, and am entirely free from all pain. I feel better than I have felt for years, and I attribute my completely restored health solely to the use of Carter's Spanish Mixture. I consider it a most excellent medicine for rheumatism and all diseases of the blood, and heartily recommend it to the afflicted.
